CIVIL SOCIETY: TIME TO CHANGE THE WORLD?

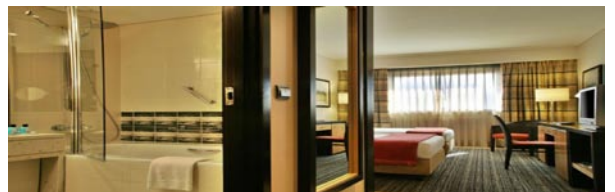

In EUConsult's 20th Anniversary year, it is with great pleasure that we invite consultants from all over Europe to come together in Lisbon. The Conference will provide a unique opportunity to actively network with fellow consultants, share knowledge and join this expert forum to discuss important developments in civil society and how we as consultants can help make a difference in the not-for-profit sector throughout Europe.

Mary O'Kennedy, Chair, EUConsult

We are delighted to be hosted by the Museu Coleção Berardo for our Summer Conference. The Museu opened in 2007 at the Centro Cultural de Belém in Lisbon, and hosts the Berardo Collection of modern and contemporary art. The Museu Coleção Berardo has established itself as the main institution devoted to modern and contemporary art in Portugal. It is the ideal place for participants to take time out from their businesses and share creative ideas and discussion with fellow consultants to make the most of our stimulating conference programme.

Our conference hotel, the SANA Lisboa Hotel, is situated in the heart of Lisbon. Two nights' accommodation and breakfast, as well as coach transfers to the conference venue, are included in the registration fee.

Our walk around the historical Mosteiro Dos Jerónimos area will provide a fascinating introduction to Lisbon, in which the group will be able to soak up the special atmosphere around this World Heritage Site.
